## Discover Formetiq®

Form. Function. Intelligent design.

**Our innovative range of contemporary office furniture is designed to efficiently enable modern working environment and practice.**

Everything we create aligns with our three core beliefs: it must look beautiful (form), work well for you (function) and be made in the most resource-effective manner (intelligent design).

Comfortable ergonomic seating is essential for any workplace as the typical office worker spends anywhere between 20 and 45 hours a week sat at their desk. Our Formetiq® seating has been engineered to be both comfortable and durable offering incredible value for money for employers worldwide.

Days spent in a well-designed workspace can be a pleasure too and an improved working environment invariably brings increased productivity.

**5 YEAR GUARANTEE** ✓

Everything in our Formetiq® range comes with a 5 year guarantee as standard

Experience the difference  
**Join our global dealer network**

Arrow Group sell furniture exclusively to the trade so we never compete with our dealers. Your business is our business, so we strive to provide you with sales leads and extensive support. Our sales and support staff come from a dealer background, so we can empathise with your challenges.

Our skilled team build and upholster our chairs at our UK production facility, so we can offer competitive lead times and 100% quality control. We also hold large stocks of our other core ranges; desks, storage, monitor arms, power and much more.

# Alto 1 Sit/stand desk

## Height adjustable desk

**Our new Alto 1 sit/stand desk makes ergonomic height adjustable working an affordable prospect.**

With a quiet motor providing smooth height adjustment and a simple, easy-to-use control panel Alto 1 offers an economical sit/stand solution suited to your workspace. Multiple desktop finishes are available to match Alto 1 to your existing desking.

Easy-to-use control panel for desk height adjustment

**Width adjustment**

Desk frames will hold a range of desktop sizes and styles

Width: 1000-1600 mm  
Depth: 500-800 mm

**Anti-collision system prevents contact with objects beneath desk during height adjustment**

If an obstacle is detected the motor stops and reverses

**2 stage reversed rectangular columns with single motor**

Max. load: 70kg

**Smooth height adjustment, no juddering**

Range: 710-1210 mm  
Motor: 25mm/s

**Back-to-back bench option**

Type C (EU) power cable available

## Formetiq® upholstery

All our seating is assembled and upholstered in-house by our expert team. Each chair undergoes thorough quality checks to ensure it leaves in perfect condition.

We now offer a huge range of fabric choices with multiple colours and materials, from respected manufacturers across Europe.

**SAMPLES**

Place your purchase order in the normal fashion, clearly noting item(s) are for use as samples. If returned in a saleable condition within 30 days, these will be credited.

**CUSTOMER'S OWN MATERIAL**

Customer's own materials or unlisted fabrics must be approved and quoted by Arrow before placing orders. We are unable to guarantee any product meeting fire regulations or standards which is supplied in a COM.
